

Test Equipment Solutions Ltd Quality & Environmental Policy

Test Equipment Solutions has established the following quality and environmental policy:

Test Equipment Solutions is committed to providing its customers the highest levels of quality and service.

We listen to our customers, continually improving our processes, products and services to ensure they consistently meet or exceed customer requirements.

The principal elements of our policy are: -

- a. To develop and maintain a Quality and Environmental Management System (QEMS) satisfying the requirements of BS EN ISO 9001: 2015 and 14001:2015. This will form the framework for achieving continual improvement of the management system, complete client satisfaction, reduced environmental impact and full realisation of all company objectives.
- b. To focus on the requirements of customers, establishing levels of communication capable of fully determining their needs and expectations.
- c. To maintain an accurate knowledge of and comply with all relevant environmental legislation, requirements, best practice and guidelines.
- d. To prevent pollution and maintain an optimum understanding of risks associated with our activities; communicating these to our employees and customers through training and continually updated knowledge of environmental issues.
- e. To minimise the impact of our activities upon the environment in the delivery of our services and in the activity of others in deploying those services.
- f. To establish and maintain an infrastructure capable of supporting all company activities and realising all company objectives.
- g. To identify scope for improvement in every aspect of the company's activities, devising and implementing effective solutions throughout.
